## What we Do...

We eliminate neglected, late and inaccurate insurance and patient billing. We process insurance claims electronically and send patient statements promptly. Electronic claims processing by our service center can reduce average payment from months to days.

## Here's how we do it...

Getting your claims to us has never been easier! Whatever method works for you: fax, scan/email, or regular mail. The other option available is our proprietary software which includes a scheduling component that allows you to get the claim information to us immediately on a daily basis. We will work with you and your practice to secure your data while maintaining 100% HIPAA compliance. If you are in our local area, we will even personally pick up your superbills every week! There is no charge for this personalized attention.

## Here's why you need it...

### Rapid cash flow with accurate, on-time payments

At R&S, our goal is your goal: receive payments in the quickest manner possible. We know the average turnaround time in the industry is 30-45 days. We minimize this by providing accurate electronic submissions. The net result - you will receive payment from many payers within 14 days.

### Reduces Paperwork

We will process all claims to Medicare, Medicaid, Blue Cross Blue Shield and commercial carriers as well as Workers Comp and Motor Vehicle. We simply enter your patients' data into our system and transmit the information to the clearinghouse for edit and direct processing to the insurance companies.

*Running a successful practice isn't easy. Think of us as an extension of your practice. . .  
R&S is your partner for success.*

### We only profit when you profit

We will work harder, follow through, address level of reimbursement, and get you the highest revenue possible.

## There's a Better Way to Collecting Revenue...

You're the clinical expert. We're revenue cycle, business, and regulatory experts. Leave business processes to us—we'll keep you financially fit and focused on patient care.

## All payments go directly to your office

You maintain absolute control over the financial affairs of your practice...we just help you get more of what you've already earned.

*With R&S Automated Medical Services, you can focus on your patients and growing your practice. R&S gives you Peace of Mind that your Revenue is being handled by a seasoned, professional partner who wants you to succeed.*
